

Place the dryer filter in vinegar for ten minutes and rinse with water to restore the dryer to activity.

Use a baby diaper for heat or cold insulation during travel.

Use a vacuum hanger on a bus for hanging a suit.

Eating fruits for breakfast instead of flour-based products and water instead of coffee eliminated hemorrhoids.

Drinking three glasses of water in the morning helps with acne and dandruff.

Capture a cockroach by darkening the entire room and creating a small lit area with a flashlight.

Dry a cellphone in a battery-less dryer.

Take a "Razin" pill for weight loss.

Calcium and magnesium help with heartburn.

For mouth ulcers, apply carob syrup every two to three hours and continue for a day or two after the pain stops for significant relief.

Instead of a CPAP device for sleep apnea and snoring, use a silicone pacifier-like device, which is cheaper, more effective, and less problematic.

Avoid sun exposure after applying carob juice or fig juice on the skin to prevent burns.

Hang an eggplant close to a child's bed to dry warts, as the eggplant releases a drying substance.

Avoid eggplant and cocoa for mouth ulcers.

To preserve the shape of a new kippah, wet the band with water and stretch it around the entire rim piece by piece.

After washing a kippah, fill it with a towel and stretch the band until dry.

Slightly open twisted wicks after inserting them into the tube to prevent soot.

Attach a plastic chair with zip ties to the other side of a ladder to place a vacuum cleaner on it.

Add a glass of water to the tank to use a vacuum cleaner for both wet and dry purposes simultaneously.

Add a little bleach to prevent odor.

Stretch a cotton sock over the engine pipe instead of a filter to collect and discard all dirt.

To avoid hemorrhoids caused by alcohol, drink two glasses of water for every glass of alcohol.

To boil an egg, hold it under a stream of hot water for two minutes.

Use an oiled disposable plate to trap a fly or mosquito.

Mix baking soda with water to use as a deodorant.

Apply aloe vera on warts.

To remove a milk stain from clothing, place parchment paper on the stain and iron over it.

For mouth ulcers, mix a teaspoon of honey with the juice of half a lemon and apply.

To remove an oil stain (even old or washed), sprinkle talc on the stain, sometimes needing multiple applications.

Use an XOX can opener for cans without a serrated edge.

Cheese or other dairy products help prevent tooth decay and gum problems due to calcium.

For dental treatment anxiety, take Fenistil drops in a high dose 15 minutes before the treatment (double the weight in drops for children, up to 60 drops for adults).

Sunlight removes stains in shades of red, yellow, orange, and black.

Wash a suit in the washing machine alone, on a delicate program, without spin, using laundry liquid, and air dry on a hanger.

Disconnect the regular battery for 15 minutes and reconnect it to solve hybrid car battery issues.

Add honey to cholent for a better flavor.

Use ear candles to remove wax.

Gargle with water mixed with a teaspoon of baking soda and a teaspoon of salt for bad breath.

Dry a kippah on a cup.

Peel garlic by pressing with your thumb and index finger.

Soak eggs in water for easier peeling.

Turn a tahini container upside down for easier pouring.

Use gloves to wash dishes.

Cut eggs with a knife in a disposable cup for a salad.

Polish silverware by wiping with a cloth on Saturday night to prevent tarnish.

Polish glasses by rubbing with a magic sponge to remove watermarks.

Hydrogen peroxide removes blood stains.

For frying crispy onion rings, slice onions, coat with cornstarch mixed with water, and fry in hot oil.

Soak potato wedges in cold salted water for 30 minutes to make crispy potatoes.

Dry the wedges, coat them in flour and a bit of salt, shake them in a bag, and fry them.

Wash pita bread from the freezer with water, wrap it in a towel, and microwave it for 30 seconds to one minute.

Use a magic sponge to polish glass cups and remove water stains.

Snack on pieces of rice paper microwaved for half a minute.

Use hydrogen peroxide to remove blood stains.

For burned food, insert a piece of cardboard to absorb the burnt taste.

Rub hands with salt to remove bad smells.

Apply saliva to skin blemishes in the morning to help them heal.

Use quince seeds to make an ointment for skin wounds.

Use milk to whiten tzitzit (fringes).

Heal erysipelas (skin infection) with dough made from whole wheat flour and water.

Myrtle leaves help hair growth and strengthen roots.

Recognize that Rashi matzah may cause leg pain.

Drink pomegranate juice to stop diarrhea.

Massage the abdomen in a circular motion or lie on the opposite side to relieve stomach pain or diarrhea.

Press a key against the neck artery to stop nosebleeds.

Use Green's ointment to heal burns.

Spray black paint on hats to refresh their color.

Clean eyeglass lenses in one direction only to prevent scratches.

Use diluted bleach spray to clean surfaces.

Store bags flat under a mattress for better organization.

Hang umbrellas on the sides of a coat rack for efficient storage.

Save space in closets by hanging items on the inside of doors or adding hanging plastic racks.

Arrange books in two rows per shelf for better organization.

Clean a kettle with vinegar or lemon salt.

Polish silverware with hot water and a silver-polishing cloth.

Identify building numbers on the right side of the street for even numbers ascending.

Get rid of ants by scattering cloves or using an injectable substance.

Find an ant nest by making noise or tapping; they will retreat to their nest.

Decorate a sukkah using fishing line and safety pins.

Soothe jellyfish stings with vinegar and seawater.

Use cotton swabs dipped in petroleum jelly to catch worms.

Keep onions in the refrigerator to prevent tears when cutting them.

Press on garlic cloves before peeling to make it easier.

Rotate a piece of cardboard around the ear to reduce swelling.

Raise the opposite arm over the head to stop a nosebleed.

Use WD-40 to loosen hinges and remove blockages.

Potato starch works wonders for diaper rash.

Wash a kippah together with clothes.

Apply eucalyptus oil to repel mosquitoes.

Sprinkle laundry detergent on the floor before mopping to make tiles shine.

Use a broomstick with adhesive tape to catch flies.

Use dish soap to remove stains from clothes.

Place coarse salt under the pillow to relieve colds.

Put a magic sponge in the washing machine to whiten shirts.

Apply silverware polish with a wet wipe.

Place a warm porridge bottle inside a diaper for travel.

Apply ice or cold packs to calm gallstone attacks.

Comb hair in one direction for two weeks to encourage sideburn growth.

Spray K300 to deter pigeons, but it may attract ticks or insects indoors.

To cool down after exercise, apply cold water to the veins in the wrist.

Install clotheslines above the bathtub to prevent dripping.

Use toilet bowl cleaner to remove fruit flies.

Place parchment paper under pots on induction stoves to keep them clean.

Wet a paper cup to stick salt to it for microwaving almonds.

Slice onions into thin rings, coat with cornstarch, and fry until golden.

Peel eggs more easily after longer boiling.

Cut eggs in a disposable cup with a knife for easier handling.

Place garlic under your pillow to help with falling asleep.

Place a sliced onion near your pillow to open nasal passages.

Insert a piece of cardboard to absorb the burnt flavor of overcooked food.

Rub hands with salt to remove lingering odors.

Lick blemishes on the skin with saliva in the morning to help them heal.

Make a paste from quince seeds to treat skin wounds.

Use milk to whiten tzitzit (prayer fringes).

Treat erysipelas with dough made from whole wheat flour and water.

Myrtle leaves promote hair growth and strengthen hair roots.

Acknowledge that eating Rashi matzah may cause leg pain.

Use pomegranate juice to stop diarrhea.

Massage the abdomen or lie on the opposite side to relieve stomach pain or diarrhea.

Press a key against the neck artery to stop a nosebleed.

Use Green's ointment to treat burns.

Spray black paint on hats to refresh their appearance.

Clean eyeglasses in one direction only to avoid scratches.

Use diluted bleach spray to clean surfaces.

Store bags neatly under a mattress for better organization.

Hang umbrellas on coat racks for efficient storage.

Save space in closets by hanging items on the inside of doors or adding plastic racks.

Arrange books in two rows per shelf for better organization.

Clean kettles with vinegar or lemon salt.

Polish silverware using hot water and a silver-polishing cloth.

Locate building numbers on the right side of the street for ascending even numbers.

Scatter cloves or inject ant repellent to eliminate ants.

Locate ant nests by making noise or tapping; they will retreat to their nest.

Store onions in the fridge to reduce tears while cutting them.

Apply potato starch to diaper rash for relief.

Add a magic sponge to the washing machine to whiten shirts.

Soothe small burns with Sintomitsin ointment and cling wrap.

Use nail polish remover on marker stains before washing.

Polish drinking glasses by scrubbing with a magic sponge.

Use hydrogen peroxide to remove blood stains.

Mix essential oils like eucalyptus, tea tree, and mint for aromatherapy near your bed.
